

We have made some changes to the following W-2 related EOS reports:

Form #	Report #	Report Name
C740	CRRP740A	Placement and Activities Detail Report
C741	CRRP740B	Total Placements by Placement Code Report
C742	CRRP740C	W2 Full Participation Exception Report
C767	CRRP740D	W2 Full Exception Summary Report

The major changes are:

- 1) Sorting these reports by supervisory units and then worker within an agency,
- 2) Putting worker id in the body of the report (so you can easily search for a worker)
- 3) Cutting down on some page breaks (such as report C740 has multiple workers on one page instead of separate pages)
- 4) Added a Total Hours column to the right (adds up all scheduled activity hours)

We hope these changes help you with your case management.
